

# Mike Cebulski

I'm a certified counselor and software developer looking to move out of the mental health field and into tech full time. This combination of experience has given me a solid understanding of tech, people, and interpersonal effectiveness. I enjoy resolving technical issues and teaching others along the way.

## EXPERIENCE

### **BASES Recovery Center, Charlevoix, MI — Counselor/Software Engineer**

June 2019 - PRESENT

- Modernized the company website to fit a telehealth first approach, doubling the monthly viewers.
- Created the first hybrid recovery meeting system in northern Michigan and developed a desktop app lowering IT overhead from 5-10 hrs per month to 30 minutes per month.
- Developed e-commerce websites bringing in 1,000 users a month and \$10,000+ per year in donations.

### **MIKECEBUL LLC, Charlevoix, MI — Systems Admin**

November 2024 - PRESENT

- Manage several devices using Apple Business Manager with MDM
- Manage daily hybrid meetings with a Zoom Room
- Backup remote desktop with Tailscale (Zero Trust) running as a daemon

## PROJECTS

### **basesmi.org — Mental Health Facility**

Next.js with PayloadCMS, MongoDB, and Shadcn UI components.

### **cvxjrgolf.org — Junior Golf Association**

Next.js with PayloadCMS, MongoDB, Shadcn UI components, Stripe for payment processing.

### **d21softball.org — Amatuer Softball League**

Older Next.js site with Strapi.js as the CMS, MUI components, and Stripe for payment processing.

### **Alano Club Zoom Kiosk — Zoom Room Meeting Kiosk**

Electron desktop app built with Typescript and React, to be used as a Kiosk for starting Zoom Hybrid Meetings. No longer using after upgrading to a Zoom Room.

### **Home Lab — HP ML350e Gen8**

My home lab is set up with Proxmox on the bare metal, Pfsense VM for my router, Arr's for home media, and a web server for web development.
